We Started with Doner, We Grew with Trust!

Since starting our business journey in Poland in 2015, we have quickly become a symbol of trust in döner kebab production. Today, we are a globally operating food manufacturer. Our success is no secret: we act with the responsibility of global interest in döner kebab and prioritize business ethics and transparency above all.

For this reason, we never compromise on standards or technology. We are a long-term solution partner for restaurant and supermarket chains that seek taste, quality, hygiene, freshness, health, and halal standards in döner kebab.

Dönerle Başladık, Güvenle Büyüdük!

2015 yılında Polonya'da başladığımız ticari hayatımızda kısa sürede döner kebab üretiminde güvenin sembolü haline geldik. Bugün, küresel ölçekte faaliyet gösteren bir gıda üreticisiyiz. Başarımız bir sır değil: Döner kebab konusundaki küresel ilginin sorumluluğuyla hareket ediyor ve iş etiği ile şeffaflığı her şeyin önünde tutuyoruz.

Bunun için gerekli hiçbir standart ve teknolojik ekipmandan ödün vermiyor, döner kebapta lezzet, kalite, hijyen, tazelik, sağlık ve helal arayan restoran ve süpermarket zincirleri için uzun vadeli bir çözüm ortağıyız.

Zaczęliśmy od kebaba, urośliśmy dzięki zaufaniu!

Od rozpoczęcia naszej działalności w Polsce w 2015 roku, szybko staliśmy się symbolem zaufania w produkcji kebaba. Dziś jesteśmy globalnym producentem żywności. Nasz sukces nie jest tajemnicą: działamy z poczuciem odpowiedzialności wynikającej z globalnego zainteresowania kebabem i stawiamy etykę biznesową oraz przejrzystość na pierwszym miejscu.

Z tego powodu nigdy nie idziemy na kompromisy w kwestii standardów czy technologii. Jesteśmy długoterminowym partnerem dla sieci restauracji i supermarketów, które poszukują smaku, jakości, higieny, świeżości, zdrowia i standardów halal w kebabie.
